March 24, 2020

Dear WSC-Academy Parents and Community,

I'm hopeful that you're staying home and taking care of your families during these challenging times.

I want to thank all of our families for understanding as we work through this new way of doing things. Your patience is truly appreciated.

I want to take this time to thank the staff for everything that they have done to provide normalcy for our students. The staff have made themselves available through our online platform PLATO, and email. The counselor is continuously updating Power School for parents and sending out information regarding community resources and academic resources available to students. Mrs. Portia Mann, School Leader and Mrs. Candice Spencer, are in daily communication with parents, community, WSC School Board, Washtenaw ISD, Michigan Department of Education with updates, compliance and accountability matters.

As you may be aware, the Governor has ordered the school shutdown to extended through April 12th. We expect to get more information from the Governor and the Michigan Department of Education relevant to school districts.

We will continue our academic plan for students and communicating with our parents and community as schools are shutdown through April 12th. As always please look to our website at wsc-academy.org for information and follow on Facebook. An updated community resource is <https://www.washtenaw.org/3100/COVID-19-Essential-Services-Updates>

My heart is full of gratitude for our school and community. My hope is that you and your families stay healthy and safe as we move through the weeks ahead. We all will get through this by working together and maintain hopefulness.

Sincerely,

Valencia Holmes, Principal

WSC-ACADEMY
