District Professional Development to Deliver Virtual Content:

To date WSC Academy has provided 21 hours of professional development to our staff via ZOOM conferencing and through Michigan Virtual University (MVU)

Topics/Areas of Professional Development have been as follows:

- Google Classroom/Virtual Instruction Support
- Title IX
- Title I and 31A - providing additional support and intervention to students in need
- School Improvement-Improving Instruction and meeting academic and social emotional needs
- Multi Tiered System of Support
- Social Emotional Learning
- Foster Care and Trauma Informed Practices
- Foster Care Transforming the Classroom

Virtual Learning Training provided for parents/guardians and students

All WSC Academy parents/guardians and students received Virtual Handbook to support connectivity and access to ALL teachers, Guidance Counselor and Office Manager.

Students received individual and virtual instruction to access Google suite and Plato platforms. Individual training was given as needed to ensure access to all virtual platforms by Guidance counselor and Office Manager.

WSC Academy students received a google phone/text number list for Guidance Counselor and **each** content teacher for assistance with virtual learning and access. The Academy has a direct virtual support text to technical support. Additional virtual learning support is on-going for parents/guardians and students daily.
