

- ♥ Work Skills Corporation (WSC) is a nonprofit organization that has been serving people of all abilities since 1973.
- ♥ The Work Skills Foundation, established in 2005, provides financial resources that allow WSC to add and enhance services that *change the lives* of the people we serve.
- ♥ **Wow** was created in 2013 and brings together women of all ages who share our vision of *a community that offers opportunity for everyone with the desire to succeed*.
- ♥ Fun and interactive meetings are held only two times a year. Members get to know each other well. What woman doesn't want more girlfriends??
- ♥ At each **Wow** meeting, a WSC participant shares his or her personal journey. Their stories will touch your heart!
- ♥ Members make an annual gift of \$1,200. In appreciation, each member is recognized with a bronze level block on our unique, hand-crafted donor wall.
- ♥ We started with 10 charter members. We celebrated our 10th anniversary with 51!
- ♥ You are invited to become a member of **Wow** and help **change the lives** of our friends, family members and neighbors with disabilities.
- ♥ Your participation will inspire other women to join the group and make a difference.
