

## Vision Partner Program

*Our vision is a community that offers opportunity for everyone with the desire to succeed.*

The Vision Partner Program builds strong partnerships for the life-changing services that Work Skills participants receive. Vision Partners ensure that future opportunities are available for individuals of **all abilities**, allowing them to live empowered and independent lives.

This program is designed to honor those individuals or businesses who make an annual investment of \$7,500 or more into the lives of those we serve. With a projected 13% increase in expenses for 2024, the sustainability provided by our Vision Partners is vital. Through your partnership, the community will see that you share our vision and are committed to changing lives.

### As a Vision Partner, You Will Shine!

The Vision Partner Program is meant to be a true partnership between you and the Foundation!

**Your benefits may include...**

- *Permanent engraved gold block on the Work Skills Foundation Donor Wall*
