

Vision Partner Program

Our vision is a community that offers opportunity for everyone with the desire to succeed.

The Work Skills Foundation Annual Vision Partner Program builds strong and sustainable partnerships for the life-changing services that Work Skills provides on a daily basis. Vision Partners ensure that future opportunities are available for individuals of **all** abilities, allowing them to live empowered and independent lives!

This program is designed to honor those who make an annual investment of \$5,000 or more into the lives of those we serve. Through your partnership, the public will see that you share our vision.

As a Vision Partner, You Will Shine!

Benefits of partnership could include the following:

- *Permanent engraved gold block on the Donor Wall*
- *Recognition throughout the year at Foundation events, on social media and appropriate mailings*
- *Membership for one person to Women of Work Skills (WoW) - a \$1,000 value!*
- *Logo/ Link on Foundation website*
- *Sixsome at our annual golf outing - a \$1,050 value!*
- *Opportunity to share why you support the Foundation*
- *Priority notification of all special engagement opportunities*

The Vision Partner Program is meant to be a true partnership with you. Contact Julie Smith, Development Director, at 810.534.6152 or julies@wskillsfoundation.org to discuss how to make this partnership best fit your needs.

As a Vision Partner, know that you are personally responsible for changing the lives of thousands in our community through your generosity!
