May 26, 2020

As the world closely monitors the spread of COVID -19 (Coronavirus), our thoughts go out to those who have been directly affected by the virus in their communities and to the health care workers who are on the frontlines.

We are currently abiding by Michigan Governor's directive to keep WSC-Academy closed until end of school year. ***My expectation is that ALL WSC Academy students are actively engaged in your learning process and completing all of your assignments through PLATO and teacher led activities.***

However, WSC Academy will provide Summer School opportunities Monday through Thursday, August 10 through August 20th. We will continue our Virtual Learning platform.

Staff is working hard, to create workable solutions to problems and obstacles that we didn't know existed. Please know that WSC Academy is positioned to continue learning in an effective, productive way. Remember our moto is that teaching and learning is essential to success.

Next Fall, you will be provided with a café' style opportunity for learning as we continue to implement our Continuity of Learning plans. The District curriculum will continue to meet your individual academic needs and all protocols will be in place to ensure your safety.

We recognize the spread of COVID-19 is serious and we must stay safe, healthy and adhere to stay at home message. Please know that WSC Academy serves the students who trust us to help build their futures. We are driven by that trust, and we are guided by our mission and commitment to students, their parents, families and communities.

Stay Safe,

Valencia Holmes, Principal
